Dear Bill:

Many thanks for your letter. My congratulations to you and the rest of the executive board on your elections. I very much appreciate your having taken time to write, knowing as I do how busy you all must be at this time of year. The problems of transition between administrations must constitute quite an additional burden to the one we are all familiar with, namely exams.

If sociological research is able to indicate anything, it is that neighbors have a tendency to get to know each other, depending on proximity, and so I suppose you and Scott Robb must see each other occasionally. You may know, therefore, that WRUC at Union College is planning to make a presentation to the winter meeting on the subject of joining the network, which is, from our point of view, the subject of expansion. I anticipate, therefore, a fairly extended discussion of the pros and cons of this question, which should receive everyone's closest attention.

Regarding the date for this meeting -- I have thus far heard only from you, WHRB (by phone), and Ivy, and can therefore not yet make a choice. I would guess, however, that a February date seems more likely, since I suspect that everybody has much the same objections to January except WXPN, which is on a different schedule.

I will be in touch with you again as soon as I have heard from everyone else. In any case, should any thoughts come to mind about expansion, I'd enjoy hearing them. I look forward to meeting you at the next get-together and wish you all a very successful term of office.

Cordially,

T'ing C. Pei
